## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 21, 2002 has been entered.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 102***

3. Claims 1 and 3 are again rejected under 35 U.S.C. 102(b) as being anticipated by Neumeyer for the reasons set forth in Paragraph 2 of the Office action mailed June 5, 2001 (Paper No. 4).

Applicant's remarks in the submission filed November 21, 2002 have been carefully considered but are not found to be persuasive. Although the claim language "the boss and annular flat portion have substantially the same thickness" was indeed present in the Claim 1 which was found unallowable by the Board of Appeals in parent application S.N. 08/841,108, that limitation is not present in the claims filed in this application.

Art Unit: 3725

***Claim Rejections - 35 USC § 103***

4. Claims 2 and 4 to 6 are again rejected under 35 U.S.C. 103(a) as being unpatentable over Neumeyer in view of Cros for the reasons set forth in Paragraph 4 of the Office action mailed June 4, 2001.

Applicant's remarks in the submission filed November 21, 2002 have been considered but are not found to be persuasive. Although the limitation "the boss, annular flat portion and said case-like wall have substantially the same thickness" was present in the Claim 2 determined to be unallowable by the Board of Appeals in parent application 08/841,108, that language is not present in the claims filed with this application.

***Conclusion***

5. All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3725

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to the undersigned Examiner whose telephone number is (703) 308-1873 and fax number is (703) 305-9835 (draft papers) or (703) 305-3579 (formal papers).
